## Sahana Villas Bali Seminyak

Lifestyle

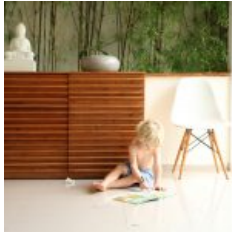

After a peaceful and tranquil few days in Goa Gong, Rocco and I relocated to the [Sahana Villas](#) in the heart of Seminyak. Our villa was a stunning three bedroom complex with private pool, full kitchen and laundry. Perfect for any big family or group of friends wanting privacy, security and all the amenities needed to maximise complete relaxation and fun whilst in an intimate chic accommodation.

The location is perfect if you want to be within walking distance (or a quick taxi ride) to all the great cafes, luxurious restaurants and bars as well as all the fashion stores and day spas. Also the staff happily go out of their way to ensure that your time at Sahana Villas is beyond your expectation.

So if you are looking for convenient location, luxury and great value for money, Sahana Villas is my pick...

A massive thank you to the girls at [The Asia Collective](#) @theasia.collective who introduced me to this stunning hotel. I recommend checking out their website and Instagram page for inspiration in planning your next holiday to Asia...
